### YOU MAY SMOKE ON CAR PLATFORM, SAYS JURY.

And If You Get Injured the Railroad Company Must Pay. Damages.

When a man wants to stand on the front platform with the driver of one of the antediluvian horse-cars still crawling over some of the routes of the Metropolitan Street Railway system he may do it, whether the car is full of passengers or not. This was the decision of the jury to-

day before Justice Gildersieeve in the Supreme Court in the trial of the suit of August Kleffman, a Chambers street

of August Kleffman, a Chambers street cigar manufacturer, who was enjoying one of his best brands on the driver's platform of a "blue line" car on the dry Dock route at 11 o'clock P. M. of Nov. 9, when the car lurched violently at a switch and pitched him into the street.

"Mr. Kleffman broke his right leg, was laid un three months, and when he got on his feet found that that leg was permanently shortened by nearly two inches," said Louis Steckler to the jury.

"We contend that as the evidence shows that there were only one or two passengers in the car this man in the exercise of due caution and prudence should have been inside, too, and that his injuries were due to his own negligence." replied John Bouvier, for the company.

company.
It took the jury about ten minutes to agree that Kleffman had a right to smoke on the front platform, and nwarded \$3,000 damages.

## Those New Easter Shoes

There are 34 new-style quarter-size Regals in the Women's Regal stores and you can be sure their style will stay in them; because

You know almost any shoe will look like a good fit until you wear it. Don't be satisfied unless your new shoes tread well-both of them, right and left. The Women's Regal shoe is designed to fit

under pressure, and that's one reason why it holds its shape. Its patterns are designed rights and lefts, and not in the usual way, which saves leather by making the patterns interlock, regardless of their final shape.

True-modeled lasts to fit every foot-shape,

the absolute correctness of custom styles, and the perfection of fit that Regal quarter sizes insure-altogether they make the Regal a shoe that you can not possibly equal at the price, and seldom ever at half as much again.

### For Men With the Courage of Their Convictions:

Distinctive Suits and Topcoats at Fifteen to Forty Dollars.

Perhaps you know what made Milwaukee famous. Analyzed, it was the power and disposition to do the thing better than it ever had been done.

That is our disposition. We believe we have the power. Grantus the one—we can demonstrate the other in our garments for men. Mere disposition is not enough.

The power and skill to master the faults that leave a garment without grace and character; to exercise all the resources of expressive tailoring—that is the fountainhead of the distinctiveness which marks and identifies a suit or topcoat of ours.

We have asked you to believe that we can demonstrate our power. Yes, and a suit or topcoat at fifteen dollars will serve the purpose as well as one at forty.

We know our stock of models and fabrics to be big and varied enough to exhaust every man's taste and fancy.

The Suits at \$15.00 to \$40.00.

New single and double breasted models, with straight, round or angular edges, side, centre or false vents; flap or welted pockets; French cuffs, false cuffs, or without cuffs; half lined with silk, mohair or serge. The fabrics include a big collection of worsteds and velour finished weaves in overplaids, stripes, herringbone and mixtures, together with plain gray, black and blue.

The Topcoats & Spring Overcoats at \$15.00 to \$40.00. Paddock, box, silk-lined conservative coats and form-fitting coats with inverted plaits and centre vents, in new gray weaves, together with black and tan.

The Effects of Opiates.

HAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life, Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quies in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly

James Fanding of No. 1778 Third required and statement of the street trolley car to-day at 2016. Hundred and Sixth street and emsterdam avenue. Funding, who was thirty-five years led, was employed in McGalnese's cafe, a Eighth avenue, between One Hundred and Thirteenth and One Hundred and Faurteenth streets. He left his come to go to work this morping and was taken ill, after transferring from Third avenue car to the One Hundred and Sixteenth street line.

The physician from J Hool Wright fospital said that Fanning died from leart failure. The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.
